

HOTEL ARCTIC

part of air greenland group

Move your conference to Greenland and get a 5-star experience

For you who are planning or holding conferences, an extra
experience is within reach

- 250 km north of the Arctic Circle.

HOTELARCTIC.COM

Which kind of view would you like from your conference room?

Fields, trees, perhaps some water, but nothing too exciting? That is certainly nothing you have not seen before! But it does not have to be like that.

With a total travel time of about 7 hours from Kastrup, everything suddenly looks completely different. Here in Ilulissat on the west coast of Greenland, about 250 km north of the Arctic Circle, there are fascinating icebergs, beautiful fell scenery, fantastic sunsets, and a view of the Disko Island, which seems closer in the clear Greenlandic air, than its approximate 80 km

distance from the town. There is an abundance of Greenlandic nature here, and the only thing you can find fault with is the temperature. At least from October till May, where the frost is dry and makes for some beautiful days, and the temperatures are not that cold anyway.

An impressive 5-star conference centre

In the middle of this wonderful scenery, in the charming town of Ilulissat, lies Hotel Arctic. The conference centre has been granted 5 stars and the hotel 4, why the Hotel Arctic stands stronger than ever.

The impressive location, with a spectacular view day and night, is supplied by at least just as impressive a service in the conference centre at Hotel Arctic.

And with the additional opportunity to provide the participants with experiences that they can take home with them, and which they will never forget.

A view of a genuine World Heritage site under constant change

Hotel Arctic lies next to the Ilulissat Icefjord, which is on the UNESCO World Heritage List. There is hardly a better view.

What would you like to experience, when the conference day is over?

Perhaps a fresh football match with your colleagues or a game of billiard in the basement?

No, you need to have crazier, wilder thoughts. Everything that everyone dreams of but never have the opportunity to experience.

To name a few: dog sled trips, helicopter trips to the glacier, sailing trips in the icefjords or to

unforgettable settlements. When you hold your conference at Hotel Arctic, the town provides you with these opportunities. It is like choosing from a list of favourite dishes. It is almost impossible, but no matter what you choose, it is going to be a great experience, an experience for life.

As a conference participant at Hotel Arctic, your leisure time is wilder and more adventurous than normal.

Experience what many dream of but never get to do
Experiences of another, completely different, world - it gives you the right perspective on things.

How would you like to sleep or wake up?

Does it matter whether the curtains are pulled up in the morning? Do you in the end not care about the room's décor, because you are primarily going to spend your nights in your room with closed eyes?

We dare claim that the day starts more impressively, when you look out at the beautiful icefjord and towards the glacier and the drifting icebergs, which are in constant motion out in the Disko Bay.

180 beds distributed in 90 rooms

Hotel Arctic has 90 rooms – all with a view of either the glacier, the Disko Bay, or the town Ilulissat.

There is all the comfort that a conference guest would enjoy in all types of rooms. We have handicap friendly rooms and conditions, so that no one is deprived of the experience.

A photograph of a hotel room with a large window overlooking a bay filled with icebergs. The room features a desk with a chair, a lamp, and a bed with a blue patterned pillow. The view outside shows a wide expanse of water with numerous icebergs of various sizes and colors (white, blue, green) floating in the distance. The sky is overcast.

Hotel Arctic is furnished with great Scandinavian taste – in commune with the Greenlandic culture. There is colourful, Greenlandic art on the walls and tasteful furniture. Everything reflects the surrounding nature's colours and surprises.

Stay in a room that makes the experience even greater

Here, you will want to get up early for the view that always changes.

How crucial is the food to you?

Are you ready for one of the uncountable buffets or pasta dishes that you have tried a thousand times before? Or do you want to be surprised by something more exotic? At Hotel Arctic we know that a conference only starts to be really good, if the catering is. That is why we do everything we can to make sure that our guests return home pleased and with lots of great memories about the culinary part of their stay. The hotel's two restaurants offer both Greenlandic and international dishes - and you will not be wanting for anything.

Restaurant and wine bar - also with a view

The gourmet kitchen in Restaurant Ulo is recognised as the best in the country and with the most visionary chefs, who are particular about the finest, both international and local, ingredients. Arctic Wine Bar is Greenland's northern most wine bar. We serve hand selected wines, finely crafted cocktails, and high-class food wrapped in a high service level and designed to enhance the local and seasonal ingredients.

When we are conference hosts, both the restaurant and the brasserie is highly prepared. Because we know that everything to do with food is always a crucial factor - and we are ready to meet our promises.

To us, every meal is of the highest priority

Many conferences are remembered based on the food - and at Hotel Arctic it is by itself an experience.

Experience the Icefjord while it is changing

The Icefjord, to which Hotel Arctic is in the front row, was added to the UNESCO World Heritage List at the 28th meeting of The World Heritage Committee in the summer of 2004. And not without reason.

The Icefjord holds one of the largest and most active glaciers in the world, and its 3000 km² moves about 20 meters a day. The glacier calves approximately 10 % of the ice sheet,

which is pressed out into the ocean from Greenland, and it has no equal in the world. All of this means that the Icefjord - outside Ilulissat - is like a sculpture park which is under constant change. Shapes, colours, and sounds from the iceberg are hard to forget, when you are a witness to such a fascinating phenomenon of nature. It is a big world out there, and at Hotel Arctic you can get very close to it, while being in a friendly and warm environment.

About Hotel Arctic and the opportunities in short:

- 4-star hotel in Ilulissat at Ilulissat Icefjord at the west coast of Greenland, 250 km north of the Arctic Circle.
- 180 beds distributed in 90 rooms.
- 5-star conference centre that can hold up to 120 participants.
- Two places to eat - Restaurant Ulo (gourmet restaurant) and Arctic Wine Bar (wine and tapas).
- Service centre with check-in service for Air Greenland.
- Fitness and wellness sections.
- The hotel is granted "The green key" for being an environmentally friendly hotel.
- Service centre with a check-in service for Air Greenland and LOOP Fitness.
